

# Farmers Market Organizations

## Farmers Market 2024 - May 24th - September 27 | Every Friday 3-7pm

Non-Profit Organizations are invited to participate in the Genoa City Farmers Market subject to availability. One or more organizations will be allowed to participate at each market (not to exceed 4). The organization is subject to

the same rules of operation as other vendors. A non-profit can make a profit from its activities, but all profits must be used to further the non-profit's mission. Items that compete with the market vendors are NOT permitted. Free-will donations may be accepted but not aggressively solicited.

We would like to offer you the opportunity to be a "Featured Organization", allowing you to hold an event (limit 2 days during the market season) and be highlighted on our Facebook and Website page. We look forward to having you be a part of this community event!

***Non-profit organizations will not be subject to space rental fees.***
